Daniel Boone Virtual Learning Options

School Year 2020-2021

Webinar Agenda

- Introduction & Format
- Virtual Learning Options
- Technology
- DB Digital Learning
- Instructional Support
- Red Phase
- BVA
- Q&A

Overview

- Given the dynamic nature of the pandemic, the plan incorporates enough flexibility to adapt to changing conditions.
- Multiple instructional delivery format for students and staff.
- Maximize social dististancing to the extent possible.
- Smaller student groups in classrooms.
- Technology based synchronous Instruction and Learning from home with asynchronous supports
- Flexible blended learning options for students

Daniel Boone Digital Learning
AND
Blazer Virtual Academy

Technology for Both Options:

- Student iPads K-12
- Portable Wifi Hotspots for staff and students as needed
- Synchronous Classroom Camera Device for DB Blended Digital Learning
- iPad for students in the Blazer Virtual Academy partnership with Edgenuity
- DB Help Desk support for students and teachers
- K-12 Technology Coach
- Each building has a virtual learning facilitator

In class technology:

- Our digital classrooms will be power by Logitech Meetup cameras.

- The device is mounted on a cart which contains a Mac Mini to facilitate sharing content from iPads or any desktop application to the stream. Includes a TV mounted on a cart so the teacher can visually see the remote students, rather than their presence being audio only to help facilitate a more personal connection and increase engagement.

Daniel Boone Digital Learning

- Taught by Daniel Boone Area School District Professional Staff
- Provides access to Daniel Boone Area School District PA Standards Aligned Curriculum: https://www.dboone.org/Page/428
- Synchronous Learning Format via Logitech system supported by Google Classroom K -5 and Schoology 6-12
- Daily asynchronous lesson posting and discussion board
- Flexibility to transition from in-person learning to digital learning by:
  - Semester/Trimester
  - Quarter
  - Week
